prominent places and reached the main *Thana Chowk*, where Mr. Faqeer Mohammad ADO E spoke to the audience.

## SEMINAR:

Mr. Faqeer Mohammad ADOE:

Mr. Faqeer Mohammad spoke to the audience and expressed his views with them. He said that as an educationist, I have come to know that only those nations can develop and roll the world that get education and their educational syllabus is according to the needs of the time. He shared his personal experience with the young ones that most of his class fellows and age mates are having very tough life as they had not educated themselves well and now they are compelled to live the crucial life. While, those mates who educated themselves well, are having easy

and luxurious lives. At the end, Mr. Faqeer Mohammad again requested the community to enroll their children in schools so that they may get education and become a proud member of the community.

## SEMINAR:

### Mr. Hafiz Zaffar Ullah DDO Durug:

Mr. Hafiz Zaffar Ullah spoke to the audience and expressed his views with them. He said that as an educationist, I have come to know that only those nations can develop and roll the world that get education and their educational syllabus is according to the needs of the time. He shared his personal experience with the young ones that most of his class fellows and age mates are having very tough life as they had not educated themselves well and now they are compelled to live the crucial life. While, those mates who educated themselves well, are having easy and luxurious lives. At the end, Mr. Zaffar Ullah requested the community to enroll their children in schools so that they may get education and become a proud member of the community.

### Mr. Mohammad Rafiq District Program Manager Education:

Mr. Mohammad Rafiq said that education is a compulsory component of a man's life. Without having education, he is a man but not a HUMAN. Mr. Mohammad Rafiq quoted the great saying of a great Philosopher Aristotle that man is a social animal. He said that the education distinguishes men from the rest of the animal family. He requested the people to enroll their children in schools to make them civilized. Mr. Mohammad Rafiq said that having education is the right of a child and it is the duty of parents to educate him. He, moreover, said that education is compulsory on both male and female. A well literate woman could be an ideal wife and an ideal wife can prove an ideal mother. Then an ideal mother can provide us a generation that can raise us from the depths of dark to the heights of lights and can make the nation a developed and prosperous one.

### Mr. Mohammad Ismaeel District Coordinator Unicef:

Mr. Mohammad Ismaeel said that education is the compulsory component of one's life. Without education, men would be nothing but animals. He quoted from the Hadith of the Holy Prophet Hazrat Mohammad (PBUH):

**"The best one of you is that who learned Quran and teacheth it to others".**

Then he said that educating a child is the vital responsibility of parents. Those parents who did not educate their children have not fulfilled their duties as ideal parents. He said that Education and learning is one of the most important processes in today's society. It would only be possible through the help and efforts of all segments of the society.

The purpose of this walk and seminar is to enroll our children in the schools; it is a very good occasion that UNICEF, NCHD and all local organization are jointly celebrating enrollment campaign in the district. PESP project is working in Musakhel since 2013 to promote education. Our mission is to provide schools, school supplies and maximum education to the students.

### Mr. Mohammad Azeem Kakar Deputy Commissioner:

Mr. Mohammad Azeem Kakar started his speech from the ever first revealed verses of Holy Quran as:

- Read: in the name thy lord who createth,
- Craeteth man from a clot
- Read: and thy lord is the most bounteous,
- Who teacheth by the pen
- Teacheth man that which he knew not.

After that, Mr. Azeem Kakar threw light on the purpose of arranging this walk and the importance of education in society of Nations. He further said that to meet the challenges in future we have to make sure that every citizen must be provided with basic primary education, an educated society would guarantee the country's development. He also emphasized on enrollment of all out of school children as being the responsibility of parents and Education department. Mr. Mohammad

Azeem Kakar in his speech appreciated the efforts of NCHD and Unicef team. At the end, he promised that he would do his best to improve the education sector of Musa Khel.
