

MEDICAL CAMP HEPATITIS-B

NCHD Mirpurkhas and Health Department of the District jointly organized a medical camp on vaccination of Hepatitis -B for school going children of rural & backward areas of the district, namely three UCs of Taluka Sindhri, i-e Hingorno, Ghirhor Sharif and Ismail Jo Goth. The logistics, camp arrangements, and location identification was assigned to NCHD and vaccines, syringes etc including technical staff was the liability of the Health department.

GPS Samaro Mori was chosen for camp location, being on the main road and accessible to all villages / schools of the surrounding areas.

UPE team of NCHD was also assigned the task to communicate the message to all schools of the identified areas.

All students were registered and vaccinated, and the details of each were recorded for follow-up doses. Total 50 villages, 36 primary schools and 1016 students including 56 adults were given Hepatitis –B vaccination.

The cost of one vaccine is Rs. 270/= therefore the total vaccine of an amount of **Rs. 274320** was provided free to students and others.

Dr Shafqat Hussain Dahri, EDO Health, other officers of health department and doctors visited the camp and appreciated the camp arrangement and discipline. DGM-NCHD, DO-Es, ADO-Es, SPEs and notables of the area also visited the camp and appreciated the efforts of NCHD team. Media team of local channels like Dharti TV etc also visited the camp.
