

National Commission for Human Development
HDSU Upper Dir

Success story

Construction of Model Feeder School:

NCHD is working to promote Human Development by supporting line departments and local community in all the Districts of the Country. Government of Pakistan is committed to achieve 100% enrollment as a part of Millennium Development Goals (MDGs) through Universal Primary Education (UPE) Program of NCHD. In this connection NCHD have established community feeder schools to provide the opportunity of education to out of schools children at their door step. One of such feeder school is located at village Sharif Abad U/C Darora District Upper Dir. The said school was established in a Masjid, facing a lot of problems in terms of accommodation and atmosphere. To handle this problem a meeting was held with the local community on April 17, 2012 and it was mutually decided that the community will provide the land (60*45 sq ft) to construct a room for school and also the labor. NCHD will contribute 1 Lac PKR for cement and steel bars. But still there was a shortage of funds to arrange sand to complete the construction work. The estimated cost of these materials was 50,000 PKR (Fifty Thousand only). For this purpose a proposal of RS 50,000 was forwarded to DCO Upper Dir. DCO accepted the proposal and donated 40,000 PKR to complete the remaining work.

Pictorial view of Model Feeder School.

The construction of Model feeder school has been completed with the contribution of local community, District administration and NCHD and now it is open and providing educational facility to the community. This is a great achievement of all the stake holders and hope that they will continue their efforts to improve the educational status of the District.

Inauguration of Model Feeder School.

NCHD Upper Dir has completed the construction of Feeder School Sharif Abad with the help of local community and District Government. The total cost of construction was Rs 1, 40,000 in which NCHD contributed Rs 1 Lac, DCO Rs 40,000 and the local community provided the required labor.

Director Operation KP, Mr. Riaz Hassan Khan inaugurated the newly constructed building for feeder school. On this occasion PCE KP Mr. Muhammad Ayaz Khan, DGM Upper Dir Mr. NasarMinAllah, DPME Mr. Muhammad Saood, Acting DFAM Mr. Fazal Subhan, MCs and community members were also present in large number. Director operation said on this occasion that this is the mandate of NCHD, to uplift the enrollment and literacy rate in the country by providing the opportunities at the door step. He told that NCHD has initiated a program of constructing feeder schools through out the province. As a pilot project we are constructing 4 schools, one each in District Charsada, Swat, DI Khan and Upper Dir. Later on the program will be extended to other parts of the province. He appreciated the joint efforts of NCHD and local community and the supportive role of District Govt. to complete the building at such a minimal cost.
