

Education

NCHD started its operations in 2002 in just two districts, Mardan and Narowal. Since then it has scaled

Accordingly, NCHD is well poised to assume a pioneering role in reshaping and influencing the movement

Universal Primary Education (UPE)

Situation of Primary Education in Pakistan is as under:

- Net enrollment rate is 66%
- Out of it, 40% children dropout before completing the primary schooling cycle
- Only one third of the children passing grade five achieve a minimum acceptable level of learning.
