Emergency has been declared in Kucha Area, District Govt., and Provincial is Govt. fully on Board. NCHD team has been supporting in operation.
Dadu	Normal low Flood Situation, The Flood peak of 300000 cusecs is passing from Indus River in Dadu District The Supper Flood peak Of 950,000 cusecs will pass in 1-2 days form Dadu District.	Today I met with Mr. Peer Bux Chajro DDO Coordination district dadu. I discussed with him the current flood situation in district dadu. He said that dadu is continuously receiving flood water and the peak flood will reach here up to 10 th August now the water discharge is approximately 300,000 cusecs. He said that we are expecting maximum flow of water up to 600,000 cusecs here in the kacha areas of dadu. 26 camps are occupied in dadu talka and one in Mehar Talka with the flood affected. Total No of peoples in camps are 2,102. Rest of the peoples has preferred to live with their relatives because here is strong cast system and persons of one cast are not willing to stay with other casts. The total area came under water is 77,140 acres out of which 45140 acres in dadu talka and 32,000 acres in Mehar Talka. They have not received yet the actual No of HHs destroyed and damaged in the flood, because survey work will start after receding of the water. The breakup of

		<p>population to be disturbed is Talka dadu 77,140 and talka Mehar 45,140.</p> <p>Yesterday I also visited some villages of talka dadu Mohd Bux Korai, Master Naban Jatoi met with villagers and persuade them to shift timely in packa area in this way they can save their precious assets like livestock and other house hold appliances. Our MCs also have established information desks in camps and also playing the role of facilitators to flood affected peoples.</p>
<p>Naushehro Feroze</p>	<p>Normal low Flood Situation, The Flood peak of 300000 cusecs is passing from Indus River in Naushehro Feroze District The Supper Flood peak Of 950,000 cusecs will pass in 1-2 days form Naushehro Feroze District.</p>	<p><u>District Naushahero Feroze</u></p> <p><u>Affected areas</u></p> <ul style="list-style-type: none"> • Ahmed Kalhoro U.C Kamal Dero. • Mahandi Shah U.C Kamal Dero. • Village Samtia U.C Kamal Dero • 22 Houses of Village Bukhari U.C Kamal Dero. • Village Ali Nawaz Khaskheli U.C Mithani <p><u>Villages to be effected soon (surrounded by flood water)</u></p> <ul style="list-style-type: none"> • Village Bhagu Dero UC Abad • Village Bangul Siyal UC Abad • Village Ghullam Mohammad Sahito UC Dabhro <p><u>Shifted To:</u></p> <ul style="list-style-type: none"> • Mithani Camps • Kandiari City & Pakka Areas (To their relatives). • Tharushah City & Pakka Areas (To their relatives). • Bakheri Bund. <p><u>Excepted Affected areas:</u></p> <ul style="list-style-type: none"> • Villages of Bund-side near Bakheri.
